TAXATION REFORM

DELEGATES TO THE MUNICIPAL LEAGUE OPENED CONVENTION THIS MORNING.

PROF. ISADORE LOEB, CHAIRMAN

An Amendment to Be Prepared and Submitted to the Voters of the State Through the Initiative Law.

The general conference of delegates appointed from the cities, counties and commercial leagues of Missouri to prepare amendments to the tax levy law of the state was called to order this morning in the criminal court room at 10 o'clock by L. E. Bates, of Webb City, president of the Missouri Municipal League, with about fifty delegates present.

After making a few short remarks as to the objects of the meeting, Mr. Bates called for a temporary organization. Prof. Isadore Loeb, of the University, was chosen chairman by acclamation.

Prof. Loeb was liberally applauded upon taking the chair, after which he made an informal address, saying that very often the theorist had opinions that were not considered practical by the man of hard business affairs while the theorist thought the practical man was not correct in his opinions, but, nevertheless, a time had come for a change.

He reviewed the system in force from a historical period, when land, slaves and a few other tangible properties, such as live stock, etc., were taxed; then, later on, when a man was taxed according to his ability to pay, and then up to the time when jewelry, stocks and bonds were taxed, from about 1840 to 1875.

In 1875 a general property tax was adopted and it is in force today, wherein it is intended that property shall be taxed in proportion to its value. From that time to the present—thirty-five years—it is obvious that the system should be revolutionized.

He suggested that there should be more of a uniformity of taxation, stating that in some counties it was 25 per cent, while in others it runs to 60 per cent, which is not the theory of the constitution, some bearing an equally their proportion.

Intangible property—money—is found to be the greatest trouble in trying to have taxed. As a man's wealth increases his intangible property increases, and he in some way finds a means to escape from the tax. In this way the smaller property owner feels the burden and the system becomes regressive. From a moral standpoint the system is wrong.

The small property owner, from a standpoint of honesty or ignorance, pays his actual amount. Also the widow, when the estate gets into the probate court, finds herself in a position where the assessor is able to find out every cent of the amount, and she pays an amount on her property that is unequal and becomes an extortion.

In conclusion he said a general remedy should be considered. After a thorough study of the question he had found a great many obstacles in the plan of reform, and it finally comes down to a question of constitution and vital modifications of article 10 of the constitution.

After the address made by Prof. Loeb, the selection of the other temporary officers was taken up, resulting as follows: L. E. Bates, of Webb City, vice chairman; Sydney J. Roy, of Hannibal, secretary.

The chairman then, at the suggestion of one of the delegates, asked that each delegation prepare a list of the delegates present, which showed the following cities represented, with the number of delegates:

Sedalia, 8; St. Louis, 5; Hannibal, 4; St. Charles, 3; Springfield, 2; Kirksville, 1; Booneville, 4; Columbia, 1; Richmond, 2; Webster Groves, 1; Webb City, 2; Joplin, 2.

The convention was then addressed by A. H. Frederick, former assessor of St. Louis, and Mayor Pendleton, of Booneville, and L. E. Bates, of Webb City, who brought up the question of the action that would have to be taken by his city on account of the local option movement having carried and the loss of \$9,000 in revenue as a result.

City Clerk C. E. Baker, of Sedalia, asked the question of what the cities were going to do that had reached the limit of bonded indebtedness and the law as now contained in

the constitution. This brought out an interesting discussion which was indulged in by Sam D. Hodgson, of Webster Groves; P. Taylor Bryan, St. Louis; J. S. Farrington of Springfield, and Chas. S. Sands, of Kirksville.

A motion was then carried that the chairman, vice-chairman and secretary and two members to be appointed by the chair, he made a committee to arrange a program for the rest of the meeting. The committee was as follows: Prof. Loeb, Vice-Chairman Bates, Secretary Roy and W. F. Saunders, of St. Louis, and Mayor Pendleton, of Hannibal.

Adjournment was then taken until 2 o'clock.

WAGER OF \$5,000

DUTCH REPORTER IS WALKING AROUND THE GLOBE—IN SEDALIA TODAY.

HE CAME IN FROM STATE CAPITAL

Will Leave Tonight for Kansas City—Rides When He Has Money to Pay Fare and Walks When He Is Dead Broke.

On a wager of \$5,000 he could tramp around the globe in five years, earning his way, Henri Montenas, 25 years old, a reporter of the staff of the Amsterdam (Holland) Telegraph, arrived in Sedalia from Jefferson City on Missouri Pacific train No. 9 at 1:39 o'clock this morning.

Montenas has been on the road fourteen months, and in that time has worn out ten pairs of wooden shoes. He makes his living by selling pictures of himself and giving lectures.

In his wager it was stipulated he would not be allowed to carry baggage of any kind. The shoes are sent from Amsterdam to places where he thinks he will need them. He rides when he has money, and walks when he can not pay any fare.

During the extreme cold and snowy weather he had to buy high top shoes to keep the snow out. He said wooden shoes are warmer than leather ones.

He writes stories of his travels and sends them to the Telegraph. He carries with him a book, in which he has the autographs of President Taft and other men in the cities he has visited on his route.

Montenas will spend the day here and depart tonight, via the Missouri Pacific for Kansas City.

A \$3000 FIRE LAST NIGHT

Mr. J. J. Kelleher Carried Only \$700 Insurance on Place.

J. J. Kelleher, recently of Denver, Colo., who some six weeks ago purchased "Billy" Higgins' 160-acre farm, six miles southwest of Sedalia, for \$10,000, had a bad fire at his home last night, the loss being estimated at \$3,000.

Mr. Kelleher formerly lived in this county, but sold out here to go to Denver. Recently he purchased the farm and was preparing to bring his family here.

At 10:30 o'clock last night he was awakened by his horses kicking in the barn. He arose and dressed and went to investigate. When he returned to the house he was met by a circle of flame, which completely enveloped the residence.

Mr. Kelleher was unable to fight the fire and could do nothing but watch it burn. It finally died out, after totally destroying his house and contents, his chicken house and smoke house. A barn, located about a block from the house, escaped the flames.

Mr. Kelleher carried only \$700 insurance.

Died From a Carbuncle.

Mrs. Jesse Karrick, aged about 55, wife of a well known farmer and stockman, living four miles southwest of Longwood, died at her home this morning, after a brief illness with a carbuncle. She is survived by her husband and a number of children.

Funeral services will be conducted at Longwood at 11 o'clock tomorrow morning. Burial will be there.

LOCAL Y. M. C. A.

ANNUAL MEETING OF DIRECTORS AND MEMBERS WAS HELD LAST NIGHT.

TEN NEW DIRECTORS ARE NAMED

Mr. J. H. Piper, the General Secretary, Submitted His Report, Showing the Receipts and Expenditures for Twelve Months.

The annual meeting of the board of directors and members of the Y. M. C. A. was held in the association rooms last night.

Ten new directors were elected to fill vacancies and enlarge the board of eighteen members, as voted at the meeting held March 11. The new men are:

W. O. Stanley, East Sedalia Baptist church.
A. A. Ridenour, from the First Congregational church.

Mack D. Looney, from the First Christian church.

W. M. Slagle, Epworth Methodist Episcopal church.

M. M. Stevenson, Fifth Street Methodist Episcopal church.

C. M. Price, Calvary Episcopal church.

Mr. M. L. Myers, Trinity English Lutheran church.

J. E. Cannaday, M. D., Broadway Presbyterian church.

E. B. Stafford, Central Presbyterian church.

Dr. Cord Bohling, German Methodist Episcopal church.

The above, with the old members of the board, whose terms have not yet expired, will meet at an early date and elect a president for the ensuing year.

The board elected a board of five trustees to handle all real property of the association and to hold and invest all endowments for the perpetual use of the Young Men's Christian Association.

That board consists of John Montgomery, Jr., Wm. Alsbaugh, Geo. C. McLaughlin, D. H. Smith and S. E. Spencer.

At the first meeting they will determine their term of service.

The board voted to buy three new mats at once, one 5x10 feet and two 5x5 feet. They are much needed and will be appreciated by the members. The wrestling and tumbling classes can be conducted now.

Secretary's Report.
Following is the report of the general secretary, Mr. J. H. Piper:

Mr. President, board of directors, members and friends of the Sedalia Young Men's Christian Association: In making this report I want to recognize the help, guidance and blessings of our Heavenly Father and thank Him for the great success that has marked the first year of work for the betterment of the growing men of this city, after a lapse of fifteen or more years.

Starting out as you did a year ago without cash or financial backing to guarantee the purchasing of equipment or supervision, just stepping out upon His promises to find them safe and sure, increases our faith in Him who loves His children and careth for them. We will always find that our success depends upon our faith and dependence in our Lord and Master.

The financial and statistical record attached to this report does not tell of the dark days, trying hours and sleepless nights, of the struggle against the pessimism of some of those who should have been first to support such a cause; neither does it tell the story of all that has been accomplished the past year.

Many men and boys, as well as fathers and mothers, are better on account of the efforts of your association. We will not know the full value of all till the roll is called up yonder, and hear the records given there. The city has long needed such an organization as the Young Men's Christian Association, and it was for you young men who felt keenly the lack of such an organization, and a burning desire in your hearts to help men and boys needing friends and protection, to make the grand struggle that you have made; and now at the close of the first year, with all bills paid or provided for by good and reliable pledges, you will feel that it has all been worth while, and you can see many known results that are a joy to us all.

There Were Many Dark Days.

The past seven and a half months we have labored together, dark and discouraging have been many days,

yes, weeks; coming to you from a distant part of our country, and a part where the association is known, loved and well supported, I could not understand the seeming indifference and lack of sympathy and support of the business men, as well as many of the men and women who are trying to live as their Master would have them live. Yet through it all my faith has been strengthened, and my desire to help men deepened. I have found out that all the good people of Sedalia wanted to know was, "are you doing anything worthy of our support," and when they knew of our work and results they co-operated splendidly.

"Be not overcome with evil, but overcome evil with good," has been our aim, and as we know the young men

WOMEN IN A DUEL

TENNESSEANS BATTLE WITH KNIVES IN CHURCH YARD AFTER SERVICES.

THE THROATS OF BOTH WERE CUT

One Dies, Other Probably Fatally Wounded in Jealous Quarrel Over Man—Seconds Arrested and Are Behind the Bars.

Knoxville, Tenn., March 23.—A death duel between two women, Rosa Cowan and Nellie Taylor, was fought at Kingston Sunday night under the shadow of a church, just at the close of the service.

Jealousy over Frank Kimbrough caused the fight. Both women had their throats cut, Rosa Cowan dying on the scene of the duel. Nellie Taylor, it is said, can not live. Knives were the weapons used.

Kimbrough had apparently transferred his affections from Rosa Cowan. The women met after church services.

A brother of Rosa Cowan attempted to interfere, but Kimbrough, who was nearby, refused to allow him to do so, it is said.

Kimbrough, James Welcker and Will Jordan, young men, are in jail at Kingston, the latter charged with instigating the quarrel in repeating to the woman for several days before the duel what they said about each other and feeding the flames of jealousy.

Both duellists were young women, under 25 years of age.

THE PHILATHEA SOCIETY

It Met Last Night at the Residence of Mrs. T. G. Warren.

Seventeen members of the Philathea society of the Broadway Presbyterian church were entertained last night by Mrs. T. G. Warren at the home of her mother, Mrs. R. W. Tyree, 608 West Fifth street.

The principal part of the meeting was devoted to perfecting arrangements for the concert to be given at the Broadway Presbyterian church next Monday night. The proceeds from the concert are to be donated to the Y. M. C. A.

Before adjournment refreshments were served.

"DODE" BACK FROM "PEN"

The Notorious Wench Is Soon to Become a Mother.

"Dode" Hubbard, a negress, who was taken to the Missouri state penitentiary last November to begin serving a two years' sentence for robbery from the person in the night time, arrived in Sedalia on Missouri Pacific train No. 9 at 1:39 o'clock this morning.

"Dode" was released from the penitentiary on account of the fact that she is soon to become a mother.

THE TRIBE OF BEN HUR

A Class of Twelve Will Be Initiated Tonight.

A class of twelve will be initiated tonight at the Ben Hur meeting. F. Bartle, deputy supreme chief, will be present and assist in the meeting.

Mr. Bartle has appointed D. G. Phipps as district deputy, and he will take charge at once.

This order is making splendid progress in Sedalia, and plans are now being made for a class of one hundred in June or July.

THE HIGH SCHOOL

WEEKLY EXERCISES HELD IN THE AUDITORIUM DURING THE FORENOON.

MR. JOHNS MAKES AN ADDRESS

If the Students Who Heard His Remarks Will Heed His Utterances Success in Life Is Certainly Assured.

The exercises at High school this morning were conducted by the principal, Miss Martha M. Lettis.

The chief number was an appreciated talk by Mr. W. M. Johns, one of the retiring members of the school board, which address is here printed verbatim, at the request of Miss Lettis, the principal.

At the conclusion of Mr. Johns' talk, Prof. Gass and Miss Lettis made brief remarks and Lee Brandt gave a cornet solo.

The address of Mr. Johns follows: Miss Lettis, Young Ladies and Young Gentlemen:

I have been invited as a member of the school board at different times to attend your Wednesday morning meetings and make you a little talk, but my time being taken up with business and other duties, and not being a talker, I have always asked to be excused.

I knew you students were critical, and close observers, as you should be, and I thought I might get mixed, as did the member of the Baltimore school board. In making a talk to the high school there he said:

"Let me urge upon you the necessity of not only reading good books, but also of owning them, so that you may have access to them at all times. Why, when I was a young man I used frequently to work all night to earn money to buy books, and then get up before daylight to read them."

I do not want to get mixed up in what I want to say, so I beg your indulgence while I read it. Having been a member of the Sedalia school board for twelve years, and eight years of this time its treasurer, I retire next month, after declining to run again. In retiring I do not feel like I am shirking a duty, after twelve years of service to the Sedalia schools.

If I have been of some service, and the effort I have put forth in helping to upbuild and create greater efficiency in our schools, I will feel that it has been worth the while. As the oldest member of the board in point of service, I think I can safely state that they have always tried to safeguard the interests of all that are concerned in our schools. All questions have been acted upon after due deliberation, looking only to the improvement of the administration of our schools according to local conditions and circumstances.

As one that has always been interested, I look back years ago at old Broadway school when under one roof it was used as a graded school as well as our High school. The old building was heated with big, old coal stoves, old desks and old wall paper; the sanitary condition was bad, and I look with pride on this beautiful building, steam heat, tinted walls, good apparatus, manual training, and many conveniences, and there is a contrast. An improvement that we should be proud of.

The state superintendent places us in the first class of High schools in the state, and the board and the friends of our school feel like we are getting results. We have better teachers, from being better prepared, many of whom serve their state and generation as successful teachers and instructors, and intend to make it their life work.

I have read that a teacher's mission was to capture the child's mind through love and sympathy, to lead pupils toward higher ideas of life and duty, to establish closer relations between home and school and state; to exalt purity of life and conduct; to strengthen the moral tone of the community; to make good men and women; to establish and dignify the profession of teaching; to make education attractive; to magnify the state; to meet the needs for educated citizenship—I am sure such is the exalted mission of the Sedalia High school teachers.

To you young ladies and young gentlemen, do you not know that the youth of today are not taught as they

were years ago. I sometimes think you fail to see the school in its true relation to the progress of the age, the extent of the educational field precludes the possibility of an individual mastering all the details of its numerous departments, yet a general knowledge materially augments a man's power of thought and contributes much to his happiness. It leads him to appreciate culture, not so much for what he can make out of it, as for what it makes out of him.

The public school, the great American institution, is recognized I think as the primary source of good citizenship. I am not unmindful of the influence of the home and the church, yet the school life of today will make the social and political conditions in

DEMOCRAT CHOSEN

ELECTED IN 14TH MASSACHUSETTS DISTRICT BY PLURALITY OF 5,840.

IT WAS TRULY A GREAT VICTORY

Two Years Ago Republican Was Elected By a Plurality of 14,250—Carry the News to Aldrich, Payne and "Uncle Joe"

Brockton, Mass., March 23.—The political weather cock turned democratward in Massachusetts yesterday, when the old colony, one of the republican strongholds of the state, placed Eugene N. Foss, of Boston, one of the country's leading exponents of reciprocity with Canada, in the congressional seat of the late William C. Lovering.

Mr. Foss accomplished what was considered almost a political miracle, turning a republican plurality of 14,250 into a democratic victory of 5,840.

The vote yesterday was: Eugene N. Foss, of Boston, (democrat), 14,280; William R. Buchanan, of Brockton (republican), 9,340.

It was the first contest to be decided by the voters since the Payne-Aldrich tariff bill became operative, and had a peculiar interest on that account.

Mr. Foss, who has figured in several campaigns, first as a republican and latterly as a democrat, with moderate protectionist leanings, is well known in the northwestern states and in Canada as a champion of Canadian reciprocity, an issue which led him to leave the republican party last year and become the democratic candidate for lieutenant governor. He failed by only 8,000 votes to carry the state at that time. Another subject which was discussed in the campaign was the high cost of living.

The remarkable shift of votes yesterday is difficult to analyze. The republican leaders admit that the party in the district was divided, partly due to the failure of Judge Robert O. Harris to win the nomination in the primaries. Judge Harris took no part in the campaign, but many of his friends, together with other dissatisfied republicans, worked to defeat Buchanan.

Mr. Buchanan had also to meet the attack that he was not a strong party man, his opponents pointing to the fact that he was formerly the secretary of Gov. W. L. Douglass, a democrat.

The Brockton man was further handicapped by a theory that Mr. Foss was as good a republican as himself, and it is true that Mr. Foss' prominence in the republican party, previous to last year, brought many supporters to his standard.

Twenty-five thousand ballots were cast yesterday, which is about four-fifths of the average vote in the three past congressional elections.

Congressman-elect Foss is a prominent manufacturer, banker and capitalist of Boston. He had been twice defeated for congress in the Eleventh district. He is a brother of Congressman Foss of Illinois.

Mr. Buchanan is the publisher of the Brockton Times.

Mr. Evans Buys Out Mr. Brill.

Will Evans and Edward Brill, who were formerly the proprietors of the Ideal Laundry company in this city, later purchasing the Dr. Graham Laundry company at Excelsior Springs, have dissolved partnership. Mr. Evans purchasing the interest of his partner, Mr. Brill and wife have gone to Colorado to locate.

BE NO INSURGENTS

ON THE NEW RULES COMMITTEE OF THE HOUSE OF REPRESENTATIVES.

ALLEGED REBELS ARE SATISFIED

Desire for Representation Disavowed By Members of Dissenting Branch—Republican Caucus Be Held Tonight.

Washington, D. C., March 23.—Through the maze of speculation regarding the probable personnel of the enlarged rules committee of the house was developed yesterday a slate for republican membership in that body.

Several conferences were held, and as a result, it is understood, the members of the committee may be selected on a geographical basis. The tentative slate is divided into groups, out of which the leaders expect one each to be chosen. The groups follow:

Dalzell, of Pennsylvania; Smith, of Iowa; McCall or Lawrence, of Massachusetts, or J. Sloat Fassett, New York; Boutell, of Illinois, or Longworth, of Ohio; Young, of Michigan, or Stevens, of Minnesota; Smith, of California, or Hawley, of Oregon, or Howell, of Utah.

From this slate the six republican members of the committee of ten may be selected at the republican caucus tonight.

The list of probable selections does not include a single insurgent republican. Republican leaders take the position that only by a rock-ribbed, stalwart, regular republican membership can the rules' committee transact any really effective business.

They contend the insurgents made a mistake in fixing the membership of the committee at ten instead of some odd number; that it plainly made impossible the inclusion of any insurgent republican.

It was said by the regular republicans that to permit the inclusion of an insurgent as one of the six would give him as great a power as the speaker has enjoyed in that he would doubtless consult his insurgent colleagues on every move, and that the regulars would have to agree with him or else leave the committee subject to a tie vote—5 to 5—in case the insurgent chose to vote with the four democrats, who are to be selected in caucus Thursday night.

Most of the insurgents disavow any desire for specific representation of their branch of the party.

Representative Hayes, of California, one of the leaders of the insurgents, is accredited by the regulars with endeavoring to bring about insurgent representation, but the move has taken no definite shape.

Representative Hanger, of Iowa, the insurgent who has drifted a resolution proposing the committee of committees, said yesterday that he finally decided to introduce that measure at the first favorable opportunity. He has talked over the proposition with some of his insurgent colleagues.

Ten insurgents yesterday signed the call for the republican caucus. Among these were Miller, Volsted, Stevenson and Pickell.

Several declined to sign, although they probably will attend the caucus. These were Murdock, Norris, Lenroot, Lindburgh and Cooper.

A member of the house organization said the organization desired it to be understood that it was taking no part in the selection of the committee.

"KICKED" ON WORKING

County Prisoner Objected to Laboring on Roads.

"Bob" McGowan, a Sedalia boy, who several days ago was sentenced to twenty days' confinement in the county jail for assault, became obstreperous at 7:30 o'clock this morning, when he was requested to go with other prisoners to be worked on the county roads and refused to go.

He became boisterous and noisy and offered to fight. Deputy sheriffs collared him and pitched him into the wagon, after which he was taken with the other prisoners and put to work for the day.

No Police Court Cases.

CLEAN UP SEDALIA.

There has been and is now much complaint at the conditions existing on Main street—of the crowds of worthless negroes, and more worthless whites, that block that thoroughfare, that fill its doorways, that hang around its corners and emit coarse and vulgar jokes, ogle decent women and putrify the entire atmosphere by every act of villainess of which they can think. The conditions, continuing night and day, are a disgrace to the city and a reproach to every citizen.

Protests have been of no avail; the authorities have always been either unable or unwilling to change them and merchants, property owners and those who have been called there through business demands have been compelled to endure, with no hope of relief.

Now is presented an opportunity to change all this.

J. W. Mellor has been nominated for mayor on a ticket that is pledged to reform this particular eye-sore; he has publicly stated that he is running for office on that platform, and that if elected he will carry out his pledges.

It is time, then, for the men who want better things in Sedalia to stop and think, and putting aside prejudice of whatever kind, make up their minds to vote and work for Mr. Mellor's election.

This is an opportunity long waited for to clean up. Let's take advantage of it and do the right thing.

"VALE, CAESAR," SAYS WATTERSON.

In an editorial on "A Rift in the Clouds" the Louisville Courier-Journal says:

"The democrats have been burning black smoke so long that they are apt to overestimate any good fortune that may come to them. The triumph in the lower house of congress, which they owe to the insurgent republicans, starts the braves to shouting, 'Wake, snakes, day's-a-breakin'!' when it were, perhaps, better for them to murmur, 'Small favors thankfully received.' It is a long way from the overthrow of Cannon, who in the course of nature, had not long to stay, and the election of a democratic president in 1912. Very many things are likely to happen between now and then. The victory indeed may prove more seeming than real.

"In the meantime the Courier-Journal stands up on its hind legs and says in its artless way: 'Uncle Joe you has our sympathy, 'tho' you dirt—there sure did. Stand up, you magnificent old reprobate, whilst we salute you, and, amid the cowardly clamor and the rabid jeers, we ren-

der you homage of a life-long foe. You fit a good fight. You held out long and well. Except that you are an old man, they would not have dared—but, even at that, you made them play ball. Now they want to unload on you the sins of the republican party; to find their explanation in your slaughter; to make that a virtue in Roosevelt and Taft which they find a crime in you; in short, to personalize their own system as Cannonism, and, having cast out Cannonism, to reappear as good as new, a sinless as doves, as stainless as snowflakes—you, after your fifty year of service, to pay the forfeit, they to get the reward.

"Ah, Joseph, Joseph—dear old Uncle Joe!—it is true enough that parties, like republics, are ungrateful. At least, you told them no lies. You stood to your guns, which, until there came a fire in the rear, were their guns. The young may die. The old must. Your time has come, Uncle Joe. Better go down with colors flying than peter out in a long drawn agony of hope and fear.

We rejoice that the system with which you were allied no more than others who went before you—which was no more Cannonism than Realism or Crispism, or Carlisleism, or Blaineism, for it was practiced and illustrated more or less by every speaker of the house—has gone down with you, for it was a bad old system, quite eliminating the spirit of representative government. The proposed change will prove good for the country and not ill for the house. It will lead to other reforms until high parliamentary methods prevail in congress. Meanwhile, as to you, Uncle Joe, here's 'How.

"We looks toward you, Joe. There shall still be cakes and ale. Join us, old enemy, join us in singing that good old song, 'Never Say Die Till the Sea Goes Dry; We'll Get Over the Double Trouble in the Sweet Bye and Bye.'"

A MOST CRUSHING DEFEAT.

It's the handwriting on the wall. First, Missouri, in a by-election to the Sixth district, shows a wonderful increase democratic majority, so startling that it attracted the attention of the entire world.

And now comes Massachusetts Yesterday in the Fourteenth district of that state a democrat defeated a republican by a majority of 5,640. In change of 19,890 votes, and by a man who is not even a voter in the district that elected him.

In the whole history of the country there has never before occurred so tremendous a change in the public sentiment of one congressional district, and to say that it is epoch-making is not exceeding the bounds of reason.

The people of the United States are aroused, as never before, to the injustice of republican legislation and are determined to rebuke the arrogance of those leaders who direct every act of the dominant party.

Never before has a national administration, republican or democratic, been so thoroughly repudiated within a year of coming into power; never before has a president been so humiliated as has Taft; never before have leaders been denounced and deserted by their own party as have Aldrich and Cannon.

It is the beginning of the end, and just as certain as next November comes, just so sure are we to have a democratic majority in the lower house of congress, and then if that majority doesn't lose its head nothing can prevent the election of a democratic president in 1912.

MMY POLICIES GONE.

The eruption of Vesuvius may come. Yet, it is not presumable to come from the source contemplated. The suggestion that Mr. Rosenfelt, as Dooley delights to call him, on his arrival, as he did when coming back from his eminent position as a warrior at San Juan, will take charge of New York state and swing that state from the grossest corruption and bring

HICKS
THE GROCER

It safely back to the republican fold. is rather a question.

The corruption of New York state is proven to all right minded persons. The determined effort to whitewash Ballinger, and incidentally the present administration, is becoming not a comedy, but a farce. Can the personality of Mr. Roosevelt overcome the common sense of thinking people?

The hero in war is hardly the same hero who conquers the elephant, hippo, rhino, lion. Mr. Roosevelt comes back in a different halo. If he had found the octopus in his hunting and conquered it, there would be something to add to his position.

However the fact is, after choosing his successor, Mr. Roosevelt will arrive to find "my policies" anaemic, without force, sans blood. He will find "my policies" relegated to the dust heap. The republican party is always consistent. Occasionally it, perforce, in order to exist, adopts democratic ideas, but never will it put those ideas into force—into law.

What will the mighty hunter do when he comes home? Will he turn tail, or will he be a consistent republican?

Suppose China refuses to give the United States a share of its loan, and Japan a share of its trade? Who seeks the advantages? The money and other trusts. If jingoism should produce a war, which it will not, who would profit by it—the blood of the nation in its soldiers and marines, or the money lenders and trust producers? Yet many a murderous war has been waged on a vainer pretext.

The Hon. Leslie M. Shaw is sure there will be war with Japan. But this is the same Shaw, who, as secretary of the treasury, ruled that frog legs were poultry.

It may be curious to a student of American institutions to read of "administration policies" and the threats from the White House if the same are not carried out. Possibly the term

In life should be to learn to save a part of what you earn. Remember, it is not how much you earn; it's what you save that counts. may mean an effort on the part of the president to carry out the policies to which his party is pledged. Still, in theory, at least, the executive has nothing to do with originating legislation, much less holding up a big stick to be used if his ideas are not carried out. But this is a day of progress and politics does not seem to be exempt from it.

AMUSEMENTS

AT WOOD'S OPERA HOUSE.

"A Gentleman from Mississippi" will be the attraction at Wood's Opera house, matinee and night, Saturday, March 26, is a comedy of social and political life in Washington, by Harrison Rhodes and Thomas A. Wise. The story of the play revolves around the advent into public life of a Mississippi planter, who had hitherto devoted more time to the development of his plantation than to the promotion of political jobs. Good fortune brings him and a clever young newspaper man, Bud Haines, together on the day of Langdon's arrival in the national capital, and Bud, accepting the post of secretary to the new senator, guides the latter through all the pitfalls of political life there without a single mishap. Langdon adroitly outwits his enemies, saves his honor and his fortune, releases his elder daughter from her engagement with the scheming congressman and suitably rewards the loyalty of Bud Haines by bestowing the younger daughter on him.

While the story would seem to have a serious strain, still the entire plot is worked out with a view to comedy, and there is one continuous laugh from beginning to end of the performance. The jovial old senator, the pert young secretary, the persistent reporter who makes love to the typewriter, the southern lobbyist and the dashing widow who finally captures Langdon, and a number of other characters, make a list of strong comedy parts to keep up the fun. The cast, which is the same as that which amused Chicago all summer, is composed of Burr McIntosh, Will Deming, Mary Moran, Beverly West, Genevieve Kane, Beulah Watson, Ella Aubrey, Harry W. Pemberton, George B. Miller, Harry Stubbs, Joseph Weber, M. W. Hale and others.

"The Climax."

One of the wholesome offerings of the season will be "The Climax," a serio-comic drama in three acts by Edward Locke, the young American playwright. The engagement is announced for Wood's Opera house, Tuesday, March 29. Joseph M. Weber stands sponsor for the entertainment. The play entered New

SEDALIA THEATRE.

Griffith Hypnotic Comedy Company. The Griffith Comedy Co. at the Sedalia theater this week has been a great surprise to all who have witnessed the performances. Mr. Griffith is the best in his line that has ever been seen in Sedalia, and the business is growing each night. An entire change of program nightly enables those who have been once to go again, and many faces in last evening's audience were repeaters of the opening night. In the window of the Callies Tent and Amveng Co. Mr. Griffith has put a subject to sleep for fifty-two hours, and he will be awakened Thursday night on the stage. The feature of tonight's entertainment will be political speeches and the hypnotic tall-tale ride.

"The Little Homestead."

"The Little Homestead," an unusually strong rural comedy drama from the pen of W. B. Patton, who wrote that popular New England play, "The Minister's Son," will be the attraction at the Sedalia theater Easter Sunday, matinee and night.

W. B. Fredericks, a very excellent actor, will be seen in the leading part of Monte, the cripple. His work in this part is said to be above the average, and his many friends will do doubt turn out to witness him in this new part. Mr. Fredericks has many friends in our city, and we would be pleased to see "The Little Homestead" greeted by a large audience. The scenery carried by this company is all special and a perfect production is guaranteed.

DRYS ARE BEATEN

CHICAGO BALLOT WILL LACK QUESTION UNLESS UNEXPECTED RULING.

PETITION IS FOUND TO BE SHORT

Unofficial Check Shows Enough Illegal Names to Kill Document—Not Sufficient Time to Remedy Defect.

Chicago, Ill., March 23.—Yesterday was a crushing day for the "drys."

Unless something unexpected occurs, the saloon question will not go on the ballot April 5. There are not enough "regular" names on the "drys" petition. Besides, the "drys" met defeat when the election commissioners ruled against them on the legal points they raised to save their election petition from being discarded.

Simultaneously it was unofficially revealed that sufficient names on the petition had been found to be illegal to prevent putting on the ballots to be voted upon April 5 the question, "Shall Chicago be declared antisaloon territory?"

This latter disclosure could not, of course, be officially verified, but it was learned that out of approximately twenty wards that had been covered by the commission's clerks, who are checking the poll lists with the "dry" petition, more than enough "illegal" names had been found to kill the petition.

This, according to expressions from attorneys for the "wets," means Chicago will not vote on local option this spring. The reasons advanced are these:

"Any attempt to stop the board from printing ballots which do not contain the local option question must be done before today, on which day the city's contract with the printers requires copy of the ballot to be furnished.

"When the supreme court is not in session its members have no power to issue writ of mandamus, as the court held two years ago, when the 'wide-open Sunday' petition was presented by the 'wets.'

"The Illinois supreme court is not now in session and could not be called in time to get results. It meets again election day.

"If a writ is asked of a circuit court, an appeal will be taken to the supreme court, which will tie it up again."

According to revised figures, given out by the election board, 431,187 voters have registered for the April election.

The highest previous total was 409,431 in 1908.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BUILD STATE ROAD

LEXINGTON, MO., WILL VOTE ON ROCK HIGHWAY BONDS FRIDAY, MARCH 25.

MEANS MUCH FOR THAT SECTION

The Lean Will Mean a Direct Macadam Route From Kansas City and May Become Part of a Cross-Missouri Path.

Lexington, Mo., March 23.—The fate of a plan for a direct Kansas City-Lexington rock road and perhaps the route of the first great highway across Missouri will be determined by a bond election of the Lexington Special Road district of Lafayette county next Friday.

To the Lexington district, which is eight miles square, the election means a great deal more than that. It is proposed to issue \$120,000 of bonds under the act of the last legislature, which gives special road districts the same bond-issuing powers as school districts. The act pledges the state to duplicate the amount out of the road fund. This fund of \$240,000 would pave fifty or sixty miles of roads in the district—and the district commissioners promise that the construction shall start with the beginning of summer.

The friends of the movement, including three or four of local newspapers, have advocated the bonds in so vigorous and convincing a manner that little opposition is expected. But since a two-thirds majority is required to carry them, earnest appeals are being made for a full vote. There is no other issue in the election.

About the first construction work is to be done on an east and west "trunk line." This is of peculiar interest to the town of Wellington, eight miles west of Lexington. Wellington has heard of the benefits Lexington expects to receive and its public spirited citizens are already working to organize a similar district there.

The Wellington district, judging by the sentiment, would mean an immediate eight-mile extension of the east and west trunk line, which would bring it within five miles of Jackson county's rock road to Levasy. If Jackson brought its road to the county line, the gap would be shortened to about three and one-half miles, making, with that exception, a continuous 45 mile pike straight east from Kansas City.

In a zone that has been served only by the Lexington branch of the Missouri Pacific the proposed highway presents almost as many advantages as would a new railway.

Why are Lexington and the farmers and miners about it willing to assume the \$120,000 debt and the consequent taxes?

In the last twenty years the property in the Lexington district has been taxed \$120,000 for roads. Yet the money has been spent in such a manner that last week the postmaster general notified the postmaster there that unless the roads were put in better condition the rural routes would be abolished. In the same period about one million dollars has been spent in Lafayette county and there's not a mile of macadam in the county now. The country districts are practically isolated behind quarries two or three months in winter. At the very time of the year when the prices of farm products are highest it has been impossible to take them to market because of impassable roads.

Assuming that the bonds can be sold at 4 per cent, the average tax a year to the average farm owner will be less than 7 cents an acre—\$10.80 for a 160-acre farm—according to the commissioners' figures.

"Why," the farmers are saying, "the rural delivery alone is worth more than that to us."

The rate of taxation for the bonds would be not more than 45 cents on the assessed valuation, and the assessed value of farm land is less than one-fourth its actual value. Twenty dollars an acre is the average assessment, and it rarely is sold for less than \$100. All the bonds would be redeemed at that rate within the legal term of twenty years.

Through regular channels the district will have an income of about \$14,000 a year for maintenance and

extensions. Heretofore it has been about \$3,000 a year. This increase in funds implies no increase in the road tax. The organization of the district has made available for road improvement certain dramshop and other revenues, which were used for other purposes before.

The commissioners of the Lexington district, who were appointed by a board composed of the county judges, the city council and the mayor, are: Dr. G. W. Fredendahl, chairman; Oswald Winkler, a furniture manufacturer and dealer, and E. J. McGrew, general manager of the McGrew Coal Co. It is significant that McGrew, who represents probably the largest taxable interests in the district, is one of the leading advocates of the bonds.

AN OLD-TIME PRESCRIPTION

In a modern product. From time immemorial sage and sulphur have been used for hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was tiresome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. 1000 Women Will Want These Beautiful \$19.75 to \$24.50 Spring Suits at \$14.95

Who cares how it happened? The suits are here (69 in all) and the women who attend this sale Thursday, Friday and Saturday will get the biggest bargains in handsome and high class garments ever offered at any time of the season—and this offer comes before Easter.

Materials are: Finest White Serges, Hair Line Stripe Serges, Shepherd Checks, Mixtures, Fancy Suitings and French Serges. The tailoring is faultless in every detail. Some of these suits are embroidered; others are smartly trimmed with fancy collars and cuffs—all are lined with peau de cygne or guaranteed satin. It will pay you to be an "early bird" tomorrow, for there are only a few suits of each style and material, and the best of the lot will, quite naturally, go first.

Colors are: Gray, tan, reseda, lavender, new blue, navy, black and white.

gram for the afternoon meeting brought in the following report:

That a committee of ten be appointed by the chair to draft resolutions and that addresses be made by S. L. Moser, of St. Louis, and Frederick N. Judson, the taxation expert, of St. Louis, for the afternoon session.

The report of the committee was adopted.

Mr. Moser, who is connected with the equitable taxation league of St. Louis, began his report at 2:30 using a chart to make more clear his study and suggestions on the taxation of the state.

Mr. Moser's data was obtained from the assessors of the 114 counties with the exception of nine, these coming from the county clerks. His information was therefore very reliable and was of great interest to the delegates and very instructive, and furnished food for much thought along the lines of the best plans for taxation.

The Hon. F. N. Judson, of St. Louis, who arrived on the afternoon train and was introduced to the convention by Chairman Loeb as a man who needed no introduction.

Mr. Judson stated there is at present no amendment before the people to be voted upon for the correction of the tax system.

His introductory remarks were made on the taxation as made in St. Louis. He then took up general taxation as in force at the present time and the inequality of same, and the almost impossibility of the taxation of intangible property and the result of same if possible to enforce, showing that the burden would fall upon the widows and orphans and trustees of estates, and the wealthy, shrewd business man would be able to evade same.

The modern plan of taxation is for laws that will be effective instead of ineffective. A rational and not an irrational law.

Elks' Big Minstrels.

certainly, and that is, that every member of the audience will be more than satisfied with what they will see.

This much is evidenced by the two rehearsals already held. Last night's rehearsal was especially good, and the chorus, which is composed of thirty-two of Sedalia's best male and female voices, will not only make the scene pleasing to the eye, but more than pleasing to the ear.

And those eight end men—oh how you will laugh. Exalted Ruler Kennedy was heard to say last night, "From half past eight to half past ten, you'll laugh and laugh, and laugh again." Attired in red and green satin costumes these eight funmakers will make their entrance to a grand ensemble, and then go through a medley of tambor work, singing, dancing, cakewalking, and, in fact, everything that will make the audience go into hysterics every moment of the time they are on the stage.

Joe Bren, the director, who produces about thirty Elks shows a year, says that this is one of the best singing "troupes" he has yet had, and that the end men are especially fine. Every one seems to be taking a great interest in this show, and judging from the two rehearsals already held, we are going to put on a show next Tuesday night that will be a rare treat to every one witnessing same.

The reserved seat sale will start at 8 o'clock tomorrow morning instead of 10, as previously announced.

WHAT EVERY WOMANLY WOMAN WANTS

What Every Womanly Woman Wants.

One of the fondest desires of millions of women is to have beautiful hair.

This desire can be gratified without the slightest risk, for druggists everywhere, and at W. E. Bard Drug Co., sell a hair tonic called Parisian Sage, that will turn dull, lifeless, unattractive hair into lustrous and attractive hair in two weeks, or money back.

Put the name on your shopping list right now, and be sure and get the genuine. Every package has the girl with the Auburn hair upon it.

Since its introduction in America, Parisian Sage has won unstinted praise from women of refinement who have learned what a delightful and refreshing hair tonic and dressing Parisian Sage is.

Just because the makers are absolutely that Parisian Sage is the only preparation that kills the pernicious dandruff microbes, they are willing to guarantee it to banish dandruff, stop falling hair and itching scalp, or money back.

A large bottle of Parisian Sage costs but 50 cents at druggists everywhere, and at W. E. Bard Drug Co. Mail orders filled, charges prepaid, by Giroux Mfg. Co., Buffalo, N. Y.

Mrs. F. J. Moreau, 9 Oak St., Concord, N. H., wrote Nov. 1, 1909, "Parisian Sage has done wonders in my case as a dandruff cure, for my scalp was in a bad condition.

Hair doesn't fall out as bad, the new is making its appearance fast. Am still continuing its use."

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop's Cough Cure has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now a little safe though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must be said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Select Your Gloves Now and be Fitted Leisurely and Correctly

We not only show exclusively here in Central Missouri several world famous makes of gloves, but we guarantee every glove sold by us, where it has been fitted to the hand by our experts. All the correct shades (and black and white), to match the Easter outfit, are here, and if selections are made at once, fittings can be made leisurely.

Great Authentic Review of Easter Styles

An enchanting scene is in this exclusive Feminine Apparel Store—for the magnificent Easter wear is now shown in the very zenith of its beauty. With Easter only three more days away, and hundreds of women with needs to supply it is natural to suppose that those final days will be busy ones for you and us. We have prepared to serve you just as well in this "eleventh hour" as at all other times, and only suggest that you make selections at once to assure you of obtaining the best novelties, which, in most instances, are limited to one or two of a kind.

The Suit is "Chief" In Fashion's Parade

Above everything else, and standing at the very head of all the list of Easter wear, is the suit. Our suit and garment sections are replete in the showing of every style of fashion's votaries and supplies the proper becomingness for every individual need. Through enlarged alteration forces we are able to assure delivery of suits purchased up to Friday, in time for Easter Sunday wear.

Only Upon a New Corset Will the Suit Appear Best

It's just next to impossible to get one of this season's suits or gowns to set right over an old corset, for there have been radical changes in corseting lately, and of course the new gowns and suits follow the lines of the new corsets. If you would know the satisfaction of really correct and distinguished dress, have the foundation (the corset) right. We are exclusive local agents for the world's best makes.

The Lesser Articles of Dress Are Here at Less Than You Expect

The waist to match the suit, the hose, the neckwear and jewelry novelties, the undermuslins, ribbons, belts and bellings are here, gathered from dozens of style centers—just to help you appear your best, and to make this your favorite store for these as well as other needs. Remember that particularly in these novelties there is but one of a kind.

DR. J. L. THORPE IS DEAD

He Was a Prominent Democratic Leader at Capital.

Jefferson City, Mo., March 23.—Dr. J. L. Thorpe of Jefferson City, who has been prominent in democratic state politics for many years, died last night of uraemic poisoning. He was stricken Monday night and was unconscious until death.

He was about 46 years old and had

resided in Jefferson City for twenty years. He was a native of Callaway county.

Dr. Thorpe was a member of the democratic state committee, chairman of the Cole county democratic committee, and had been a familiar figure about democratic conventions and political gatherings for years.

During the past several years he had been local surgeon for the Missouri Pacific, Missouri, Kansas & Texas and the Chicago & Alton railroads. He leaves a wife and one child.

ALL NEWSPAPERS SHOULD COPY THIS

"I hope that every newspaper in the country will copy this. If they will, they will do worlds of good for thousands of sick people who are now suffering as I did for years with my stomach and kidneys, but thanks to the wonderful medicine that is now doing so much good all over the country, I am liberated from my years of torture and am once more enjoying the great blessing of good health. For several years my back was hurting me most of the time, and I would have to get up from ten to fifteen times every night on account of my kidneys. My food would sour and burn in my stomach and I would bloat and belch until I would get dizzy and nervous. I was badly constipated and I had to be taking something all the time. If I didn't I was sure to have a bad spell of sick headache. No one knows how much I did suffer, but after taking the great remedy, Root Juice, a short time, I began to improve, and after using about six bottles I am strong and well, and feel like a boy. I am glad to tell every sick person all about it, because I sympathize with those who suffer as I did." L. F. Pratt, South Bend, Ind. It is well known here that Root Juice is certainly a wonderful medicine. It is sold for one dollar a bottle or three bottles for two dollars and a half at Wilcox' drug store.

NO MISERY IN STOMACH

DYSPEPSIA, GAS, HEARTBURN
AND INDIGESTION WILL
VANISH.

RELIEF WAITING FOR ANY SUFFERER

A Little Diapiesin Now Will Make
Your Stomach Feel Fine Five
Minutes Later—Get Some
and Put An End to
Stomach Trouble.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin and realize not only immediate but lasting relief. This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your Pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach took there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

who have found that the companionship and associations of the rooms have overcome the desires for the saloon, drink and evil companionship, and others have so enjoyed them that they have been kept from temptation to sow wild oats that we feel sure that we have often hit the mark aimed at.

Men less fortunate than ourselves have found the association was always ready to help them, no matter what condition they were in. "For I was an hungered, and ye gave me meat; I was thirsty, and ye gave me drink; I was a stranger, and ye took me in; naked and ye clothed me; I was sick, and ye visited me; I was in prison, and ye came unto me." Matt. 25, 35-36.

We have tried to do the Master's will in this respect, and as will be seen in the records that 59 men have found the rooms a clean, comfortable and wholesome shelter when they did not have the money to provide such; 168 men and boys have come to us hungry and been fed; the sick have been cared for and nursed back to health; employment has been secured for many men. More could be done along these lines if we could know of more employers needing help.

The rooms have been open daily from 9 a. m. to 10 p. m. and Sundays from 2 to 6 p. m., thus representing the church all the week through; and providing reading rooms, game rooms, gymnasium and bath rooms, and an environment that stimulates the growing men to make the best use of their bodies and influence. The association does not try to duplicate the work being done by other organizations; it has a large field of work of its own, and much of it yet untouched.

Membership Fees Lower.

The membership fees of the association do not, and never will, cover the running expenses. Catering as we do to the men and boys from every walk of life, our fee must necessarily be low, and much of the work done is for those outside of the membership, so we will depend upon the men and women who believe in the kind of work accomplished by our organization for support.

This year \$1,933 has been contributed by over 175 different people; the largest gift was \$100 and the smallest 10 cents. We feel that the support of our work has not been burdensome on the city or its citizens. We want to thank each contributor; the churches for opening their pulpits for the presentation of our work and their financial backing; Mrs. Demand and the ladies who worked so hard and gave the dinner and supper, October 20th, which netted \$82.55; the King's Daughters of the First Congregational church, who gave the musical which totaled \$100; Mrs. Miner and Mrs. Harris and ladies of the Broadway Presbyterian church for the \$172.05 secured from dinner and supper served; the Ministers' alliance and committee who donated the \$90 from the Torrey Tabernacle fund; and Democrat-Sentinel and Sedalia Daily Capital who so freely, courteously and generously gave valuable space for presenting

our work; the business men, the different societies, and all who have contributed cash, books, bedding, furnishings, or in any way helped to make the work the great success that it has been.

We are not forgetting the pastors, laymen, musicians, soloists and others who have given of their time and talents to make merry our socials, or profitable our Sunday men's meetings. We want to heartily thank all and assure them our deep appreciation.

Assisting in the Work.

On March 1st, Herman Demand entered the work as assistant secretary, and already his influence, enthusiasm and faithfulness proves his value to the executive force. His special duty will be securing renewals and new memberships, but he will be in charge of the rooms in the absence of the secretary.

Mr. Harvey H. Barth came to us on March 6 to take up the leadership of our physical department. Although he has been with us but a short time, he has shown himself to be the right man for the right place. He is not only conducting the work in the gymnasium, but is assisting in coaching the High school boys, and is commencing a course of athletic events in the grade schools of the city, working with the boys of the fifth, sixth, seventh and eighth grades. He will also introduce volley ball into the schools for the benefit of the girls, so that they may receive help as well as the boys.

Our present quarters are poorly located and insufficiently equipped for the great demand of the growing men of our city. The rooms have been made as attractive, as possible, and have been appreciated by a large number of men and boys, but a building should be built, specially constructed, equipped and attractively furnished to draw young men under such protection, clean and wholesome environment that will build character that will stand the test of time and eternity.

Many places are attractively furnished to draw young men into the whirlpool of sin and poverty; and the people of Sedalia who want better things and want their sons to grow up strong, clean men, or want such to marry their daughters, as well as to have a city governed by honest, straightforward men can do no better than build a Young Men's Christian

Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for most any disease caused by impure blood." Chas. E. Condon, Lewistown, Pa. (Mifflin Co.)

association building, because it is a man factory.

The Work is Growing.

It is being recognized as such the world over, and 147 cities in the United States the size and smaller than Sedalia have buildings built and owned by the Young Men's Christian association. No organization comes in, and touches the lives of men and boys, and influences them for better, as does the Young Men's Christian association. I hope before another year's end is reached that we shall have a building which will not only be adequate for our present need, but will be large enough for our future growth. May it be an ornament and character building plant of our fair city, the Queen of the Prairies.

When we look at the two thousand men who live with us, whose homes are elsewhere, and then look at more than that number of our own men and boys, our heart cries out for money to build a building to guard and protect them in their leisure time, and provide educational, physical, social and spiritual opportunities of bettering themselves. May the day soon be here when some public spirited man or woman shall give the first \$10,000 which shall make such a building possible. No like amount can be expended where it will yield such large dividends.

In closing I want to thank you, Mr. President, board of directors, members and all for your co-operation, sympathy, friendship and support during the months I have been with you. May God continue to bless us and our work. Respectfully submitted—J. H. Piper, General Secretary.

WHERE DOLLARS GROW

Remember what they said about the telephone?

Remember what they said about the automobile?

Remember what they said about wireless telegraphy?

They are saying the same thing about AIRSHIPS, but Pauline got Fifty Thousand Dollars in one week at Los Angeles just showing people that aerial navigation is practical and how practical it really is.

There is a best in everything. OUR CLAIM: THE EUBANK AIRSHIP IS BEST.

The Kansas City Airship Co. owns the Eubank patents and will erect a factory in Kansas City for the manufacture of aerial craft. The stock is now on the market and will, for a short time, be sold at 25 cents the share of a par value of \$1.00.

THE PRICE WILL BE ADVANCED

This stock at one-fourth its value offers a splendid opportunity to either the large or small investor and is worth investigating.

THE HIGH SCHOOL

(Continued from Page 1).

this country twenty or thirty years hence.

Do you young people appreciate the cost, the amount of money your fathers and this country are spending through our school board for the maintenance of our schools in Sedalia? Listen: The treasurer's books show that in the last ten years, 1899 to 1909, there was paid out \$979,212.22, nearly one million dollars, for what? for your education, to prepare you for your life's work.

The good people outside of this school district must know of the progress of our High school, for in 1899 the total tuition paid by scholars living out of this district was \$771. Last year, ten years later, \$1,698 was the total amount of our tuition for the year, more than doubled in ten years.

In the report of Superintendent Gass, last year, he quotes from statistics: First, that the uneducated child has one chance in 150,000 of attaining distinction as a factor in the progress of the age. Second, that a common school education will increase his chances nearly four times. Third, that a high school training will increase the chances of the common school boy twenty-three times, giving him eighty-seven times the chance of the uneducated. Fourth, that a college education increases the chance of the high school boy nine times, giving 219 times the chance of the common school boy, and more than 800 times the chance of the untrained.

I hope you young people grasp these figures, and take my advice as a business man, finish the full course at High school without fail, and go to college if you can.

No doubt you get disheartened and discouraged, and even get down in the mouth, but remember Jonah—he came out all right. Show me a boy that goes in to win an honest, clean game of baseball, football of basketball, and gives his best efforts, and I will show you a boy that gives his best efforts to his studies. Show me a boy that loves, respects and obeys his parents, and I will show you a boy that loves, respects and obeys his teacher.

I reverence the name of my old Broadway teacher, Mrs. Neet, and will never forget her kind ways and her devotion. Many things you boys will recall in later years of the help, kindness and devotion of these teachers to you. I have talked with your teachers about our boys that have attended our school in past years, about the company they were keeping, the places they were loafing or spending their time, and possibly you wonder why these teachers are interested in you boys. They have the interest of a mother in you, trying to train you to be men, character building if you please, that means much to you in later years. Do you appreciate their efforts? I know I do, not only as a member of the board, but as a parent.

Boys, be respectful to your parents, and do not laugh if they make a mistake, as a boy back east did at his father, "What is an equinox, Father?" "What-er-ahem!"—for goodness sake, Tommy, don't you know anything about mythology at all? An equinox is a fabled animal, half horse, half cow. Its name is derived from the words equine and ox. I want to congratulate you on your High School Record. It is a credit to the school and to the editors and management. I hope to see a ball team organized that will be a credit to the school.

Next month I understand there is to be a track and field meet here. I hope to hear of you boys getting in shape and representing your school with credit. I hope you will win. Give the best you have, be a good loser. I appreciate the honor and privilege of being with you this morning and if I have left something of good for you to think over, and of profit I will be pleased, and if at any time I can be of service to you, or this school, do not hesitate to call on me. I thank you.

Saloon Thought No. 347

Just imagine a man running on a saloon ticket for a city office and pretending that it is a business proposition for Sedalia to part with \$1,000,000 a year to get \$18,000 back. Do you wonder that these men put up such a fight to keep the income of \$1,000,000 coming? Wouldn't you, Mr. Reader, put \$18,000 into the city treasury if Sedalia would give you \$1,000,000 a year? Is it any wonder who the wealthy men in Sedalia are, and who the poor families are? Is that hard to see, Mr. Reader? The saloons in any town are forcing the honest dealer into bankruptcy just as fast as they can by killing his market.

Another Merchant Speaks Out.

To Whom It May Concern: We have been in the shoe business in Paris, Ill., for the past four years. The first two we had saloons and the past two we have had none. We are satisfied that our business has been better during the past two years than it would have been had the saloons been open. We are anxious to have Paris and Edgar county remain dry territory.—L. L. Canine, Shoe Store.

STOPPED BY MAYOR

Prof. Griffith, Hypnotist, Ordered to Awaken Victim.

Mayor J. L. Babcock at 2 o'clock this afternoon ordered Prof. Griffith, the hypnotist, to awaken Samuel Martin, the man who was hypnotized last night and put to sleep in the front window of the Callies Awning and Mattress company's store, on East Third street, because complaint had been made to him by a lady passing on the street.

The mayor stated that no attempt

NEWS OF THE RAIL

THE MEXICAN PACIFIC RAILWAY CO. TO CONSTRUCT LINE 930 MILES IN LENGTH.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The Mexican Pacific Railroad Co., a corporation recently chartered under the laws of Delaware, has acquired the property and concessions of the Mexican-American Holding and Improvement Co. for the purpose of building a railroad down the Mexican coast of the Pacific.

The road will be about 930 miles in length, and will connect Manzanillo the southern terminus of the Mexican Central in the Guadalajara division, and the port of Salina Cruz, on the Isthmus of Tehuantepec.

A vast and rich territory will be opened by the line. Engineering difficulties in great numbers must be overcome by the builders of the system, the country being a series of narrow, high plateaus, traversed by deep canyons and high escarpments.

The concession under which it will be opened and operated grants to its owners the right to establish a line of steamers plying between its terminus and Pacific coast ports of the United States.

Missouri Pacific Vacancies.

The following vacancies in train service were announced at the Missouri Pacific offices today:

For one brakeman on trains Nos. 97 and 98 with Conductor B. B. Crowley in place of S. Striegel with Sunday layover at Jefferson City.

For one brakeman on trains Nos. 7, 22, 3, 4, 21, 8, 11 and 12 with Conductor S. K. Woods for A. E. Owens.

For one brakeman on trains Nos. 64 and 77 with P. L. Lamoreaux in place of C. A. Kelling.

For one brakeman on Nos. 91 and 92 with Conductor J. T. Ryan in place of H. C. Nordman.

March 31 is the last date for filing applications for the run.

Wage Increase Granted.

An increase of 2 cents an hour to switchmen and of \$5 a month to switch tenders and towermen of several railroads is granted in a decision of the federal arbitration board announced in Chicago Tuesday.

The increase is retroactive, going into effect February 10, 1910.
